

LOOP'10

In its eighth year, **LOOP** has established itself as an international meeting point for people interested in video art and an annual event that attracts a large number of contemporary art professionals to Barcelona.

The festival is a network-based project in and for the city, made possible thanks to numerous collaborations, spirit of complicity, and the generous involvement of artists, curators, galleries, universities, venues, platforms and also collectors, transforming Barcelona's city centre into a huge video art showcase accessible to all kinds of audiences.

LOOP'10 - INTERNATIONAL PROGRAM OF FESTIVALS

LOOP's International Program of Festivals sets up collaborations with key international festivals and invites them to be present in Barcelona.

The Festivals contribute to enrich **LOOP's** Forum and Program with special selections of videoworks and thanks to the presence of organizers, artists and curators.

This year, 19 festivals from 14 countries will be present at **LOOP**.
